Programming a Quiz

Where to start…

- if you haven't written any quiz macros - go to slide 2

- if you only have a few macros added - go to slide 3

- if you have most of the macros added - go to slide 4

Slide 2

No quiz macros written:

- download the **bigquiz**

- use the **Using Macros in a Quiz** sheet (**yellow folder**) to learn how to add macros

- aim to get **steps 1 to 6** done at least

Ask for help or a demonstration if you need it

Slide 3

Some quiz macros written:

- open your **bigquiz** file

- use the **Using Macros in a Quiz** sheet (**yellow folder**) to get through to the end of step 6 at least

- then go to **slide 4**

Slide 4

Some quiz macros written:

- open your **bigquiz** file

- use the **More Complex Macros in a Quiz** sheet (**<u>red folder</u>**) **-** try to experiment with all these skills

- then go to **slide 5**

Slide 5

All the skills learnt:

Either

● take your quiz from last year and add macros

Or

● develop a quiz using the project brief
