

Getting Pong to work

Pong is a classic video game

Getting Pong to work

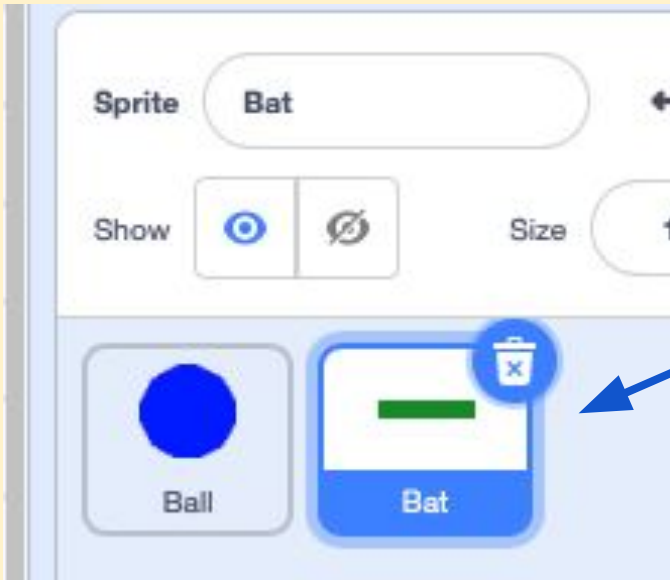

The point of Pong is to keep the ball in the air for as long as possible.

1. download the **pong1.sb3** file to your computer
2. go to the **Scratch** website and click **Create**
3. click **File** (top left) > **load from your computer**
4. find **pong1.sb3** and load it
5. click the **green flag** to run the game

Getting Pong to work

What's the problem?

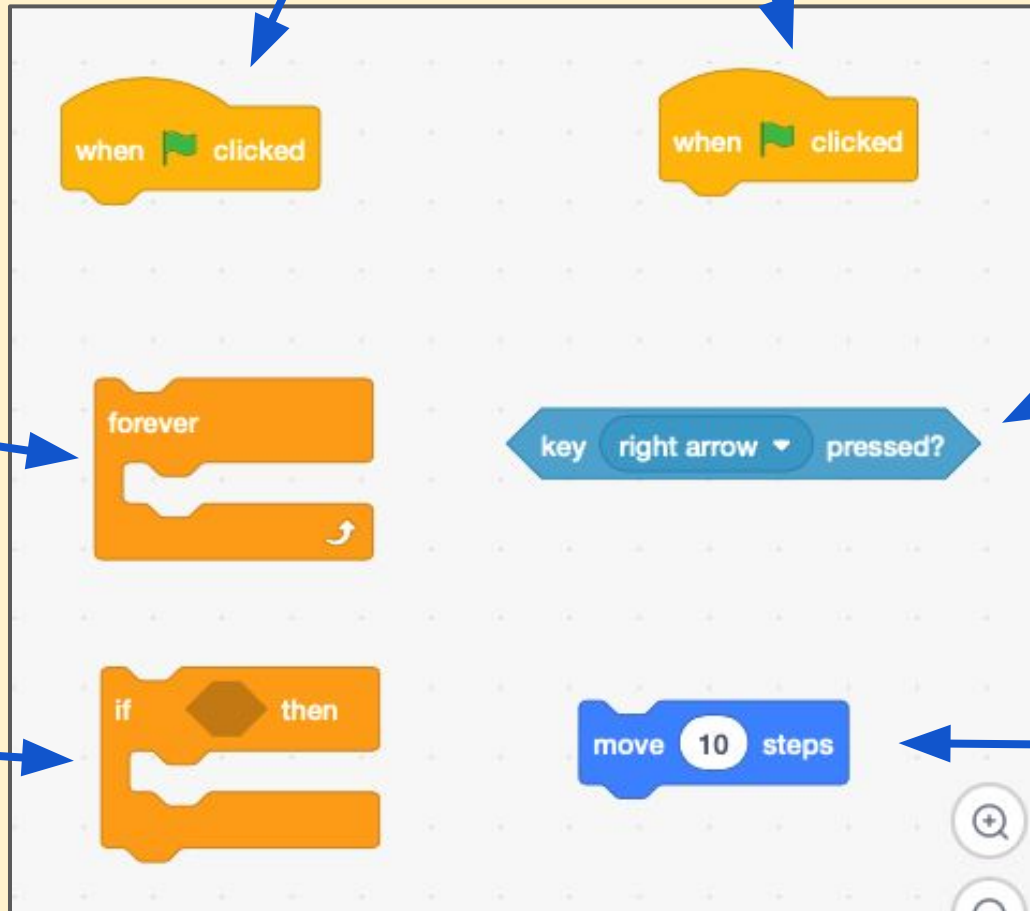

What do we need to do to solve it?

Hint: the code needs to go **on the bat**

Getting Pong to work

You'll need two of these - one for each direction

You need to keep doing it all through the game

Only move if you do something

This deals with the key to press

This to move the bat

Getting Pong to work

A key part of programming is getting things in the right order

This is called **sequence**
